Q.4 THE TITLE OF UNIT 7, SECTION A, IS "WHAT DO YOU WANT TO BE IN FUTURE?" SELECT ONE PROFESSION FOR YOU AND WRITE AND FEW LOGICAL REASONS FOR SELECTING THAT PARTICULAR PROFESSION.

ANSWER:-

I want to become a doctor. Being one is not only my dream but also my parent's. I don't wish to be the

wealthiest and most highly graduated doctor the world's ever seen but.

#### WHY I WANT TO BECOME DOCTOR.

I want to be one who will serve her people and country in a true manner. Intact I don't want to be a doctor for only patients but for the needy too. Although I know it isn't everyone's cup of tea to be faithful, humane and achieve great degrees at the same time but it is worth a try. I always want to feel the pride of being loyal to my patients and my duty. I love being a doctor for so many reasons. First of all, it is an honor to be trusted with another human being's health and well-being. Patients trust their physicians with their most personal and intimate matters. In hearing people's stories and helping people at their most vulnerable, doctors have a unique window into the human experience.

Another reason I love medicine is that it is a profession in which people continue to learn and grow. Understanding the human body and human disease is a complex and daunting undertaking. There is constantly new information, data, protocols, and standards of care. Staying current is an important and intellectually stimulating aspect of being a doctor.

Dear Ahmed,

How are you? Please take my friendly salute I got your letter yesterday in which you asked me to write on how I spent my summer vacation so for you I am writing it below. As you know in Rawalpindi we get two month summer vacation in which we enjoyed lot and got lots of interesting summer holiday homework. It is the time when we can join some extra activities so I joined cricket coaching classes offered by my school which I want to join from long time. I usually get up 6 o'clock in the morning and after daily routine I rush to my cricket classes which are from 7:30 to 9:30 am where I learn right techniques of batting and bowling which help me to become a good cricketer. After coming back from my classes I have my tasty and healthy breakfast prepared by my mother and take some rest. Afternoons are very hot in summer so prefer to stay at home doing my holiday homework which consist of lots of art and craft work. In the evening, I sang songs and played some indoor and outdoor games with my friends.

I also went on a one week trip of Murree with my parents and it was really a memorable visit. I also went to my Grandma house where I enjoyed working in her vegetable garden in backyard of the house.

Soon, my holidays are come to an end but I enjoyed lot in these vacation learn cricket, visit to Murree and also worked in vegetable garden at my Grandma house all these are unforgettable experience now you can understand how I spent the summer vacation. Hope we will spend next summer vacation together. Pay my regards to your parent and love to your younger brother.

Your loving friend XYZ

Q. 7 YOU HAVE LEARNT HOW TO TALK ABOUT PAST IN UNIT 9, SECTION A, NARRATE ANY MEMORABLE EVENT FROM YOUR PAST IN ABOUT 150 WORDS.

ANSWER:-

MEMORABLE EVENT FROM PAST.

The memorable day of my life would be the day when I came to know I was the second to score the highest in English in my town. I could not believe my ears as I never dreamed of such achievements. It was the memorable day of my life because I was able to see the happiness in my mother's eyes. I thought she would cry. But she didn't. She gave me a warm hug and told she knew I could do this. That day I realized my mother knew me more than me.

Scores or rank was a big reason to be happy. But, what was precious to me was my mother's confidence in me. She was the one who never thought twice to be always by my side. Her love and affection for me was unconditional. She wanted me to be a self-dependent woman. And I made her dream come true. Another reason why I consider the day as a memorable day of my life because I was able to outshine my biggest competitors. There were too many of them. Those students were smart, intelligent and dedicated. I was determined to work hard and score as much higher as possible. I knew that I'll win a good rank and be in a good position to get a place in one of the premier colleges. But, the results of my hard word were beyond expectation as I was the second from the top. That day I came to know that I should never doubt my abilities and have faith in myself. Courage, determination and my mother's prayers were the three most powerful driving factors for me. My mother was my biggest support system during the time of struggle and distress. So yes, the memorable day of my life was the day when I could give my mother the most beautiful reason to be happy.
